Who Wants FREE MONEY? The Greater Kansas City AACN Chapter supports the sharing and funding of innovative nursing ideas. This is an opportunity to share your innovative ideas that improve patient and nursing care, safety, and satisfaction. If your idea is selected, you will provide a 15 minute pitch to your nursing peers. The idea that earns the most votes receives FREE MONEY for your project! Ideas can be very simple and small-scale. Examples include: a comfort cart for palliative care patients' families, iPad for patient use, design cost for a unit brochure, certification seed money, reception for patients/families, books or study material, etc.

How RNovatorKC Works:

1. Submit an application for a micro-grant to aacn.gkcc@gmail.com **by Friday, June 2, 2017 (do not have to be AACN member)**
2. Chapter selection committee chooses 2-3 applications for presentation at RNovatorKC event
3. Prepare 15 minute pitch on idea for best use of micro-grant
4. Audience members vote on their favorite project idea
5. Presentation that earns the most votes wins the grant
